Collection

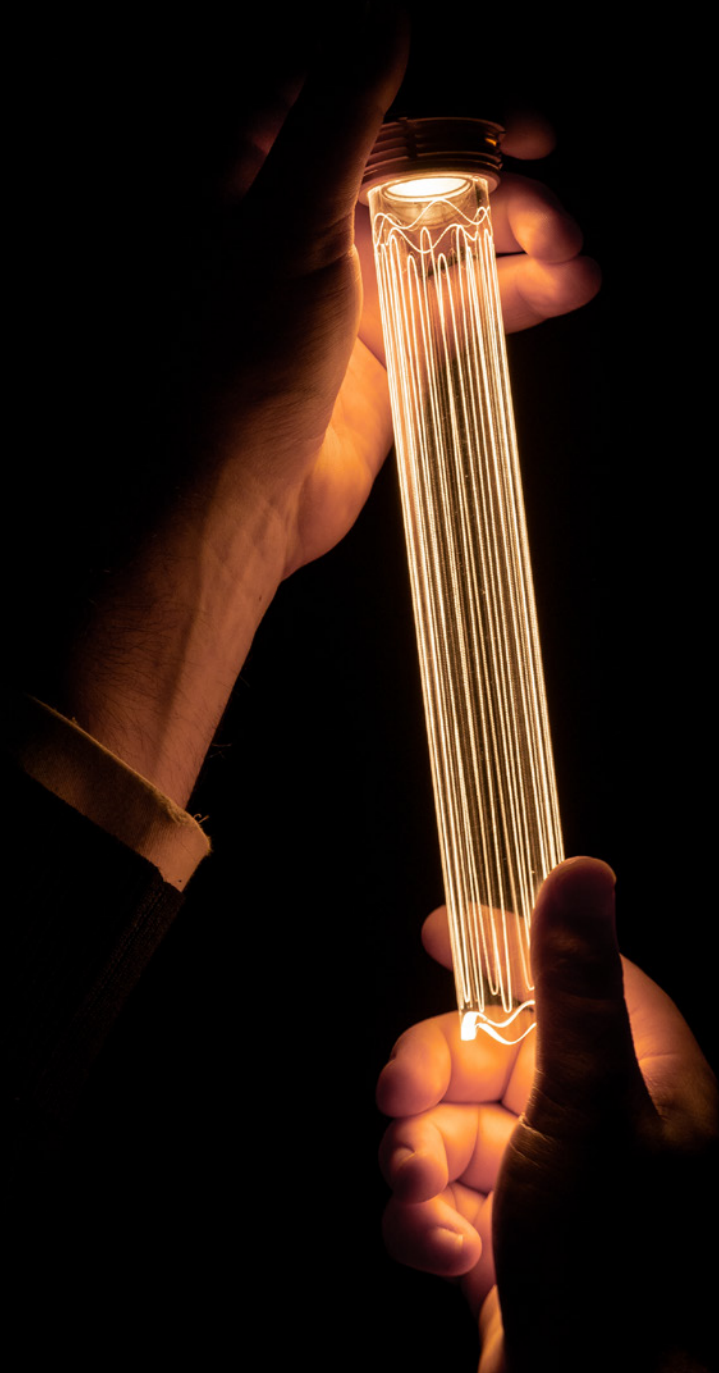

ILLUMINATE YOUR SPACE IN STYLE.

Working hand-in-hand with designers & distributors. Backed by years of hands-on lighting experience, NextGlow understands what the market needs most—and leverages creativity + tech to deliver the products customers ask for. With versatile designs and user-friendly products, NextGlow is trusted by distributors, loved by designers, and welcomed into homes and facilities from coast to coast.

**NOT YOUR
REGULAR
BULB!**

A hand is holding a glowing, cylindrical light fixture. The fixture has a textured, ribbed design and is emitting a warm, orange light. The background is dark.

Make it your
own fixture
by selecting one
of our favorite
designs, or design it
to your own
unique custom
style.
